VERSE 1

Desperation move this heart
To desire all You are
Touch us with Your holy fire
Burn in us, Burn in us

We thirst for You and You alone
Living water quench our souls
Fill our hearts to overflow
Revive us, Revive us

CHORUS

**We want fire, we want rain
Holy Spirit, come invade
We want fire, we want rain
All of heaven, come invade
Come invade**

VERSE 2

We thirst for You and You alone
Living water quench our souls
Fill our hearts to overflow
Revive us, Revive us

Move like You wanna move
Do what You wanna do
Holy Spirit have Your way
Move like You wanna move
Do what You wanna do
Holy Spirit have Your way

Move like You wanna move
Do what You wanna do
Holy Spirit have Your way
Move like You wanna move
Do what You wanna do
Holy Spirit have Your way

Holy Spirit, come invade
We want fire, we want rain
All of heaven, come invade**
